

# Keeping Kids Safe in a Digital Age: Part I

Tuesday, April 23, 6 to 7:30 p.m.

*Presented by: Laura Sutherland, Safe Harbor, and Mower County Sheriff, Steve Sandvik*

The issues facing kids today are very different from even just a few years ago. The internet and technology, while useful in many ways, create challenges for parents, educators and anyone caring for our youth.

This program is the first in a two-part series on helping kids navigate the world of technology in a safe and healthy way. Part II, being held May 30 (details to come), will focus on parenting in the digital age.

## **This presentation will address:**

- Sexual exploitation:
  - What is it and who's at risk?
  - How prevalent is it in Minnesota?
- How kids are "groomed" for trafficking
- Internet safety
- Social media lingo
- Online bullying
- Examples of how to spot red flags

***Riverland Community College – Austin Campus, West Building | RM A237/A240***

*The presentation is appropriate for students in middle school and high school to attend with their parents. This event is free and open to the public. Parking is available in the North parking lot. For more information, visit [www.mowerrefreshed.org](http://www.mowerrefreshed.org).*
